

COLT- SM5 mobil füstkötényfal

- rövid műszaki ismertető

Méretetek:

Ház adatai:

N = Normal Headboxes

Dimensions:

Type	W [mm]	H [mm]
SI	155	150
DH	250	150
DV	155	250

Module lengths:

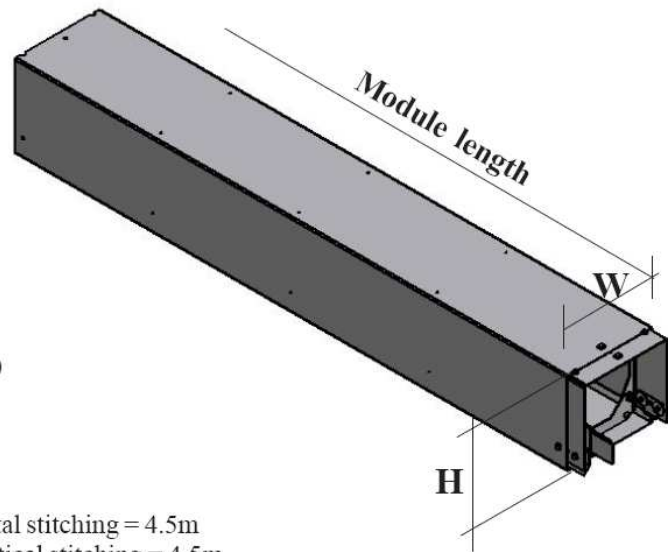

The module is available in 1000,1500,2000,2500 and 3000mm lengths.

Maximum depths:

D120 cloth with horizontal stitching = 6m

D120 cloth with roller side guides and horizontal stitching = 4.5m

D120 cloth with side guides with rods plus vertical stitching = 4.5m

L = Large Headboxes

Dimensions:

Type	W [mm]	H [mm]
SI	180	185
DH	300	185
DV	180	300

Module lengths:

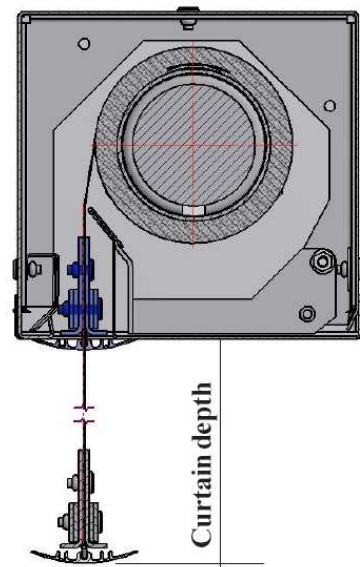

The module is available in 1000,1500,2000,2500 and 3000mm lengths.

Maximum depths:

D120 cloth with horizontal stitching = 8m

D120 cloth with roller side guides and horizontal stitching = 4,5m

D120 cloth with side guides with rods plus vertical stitching = 4,5m

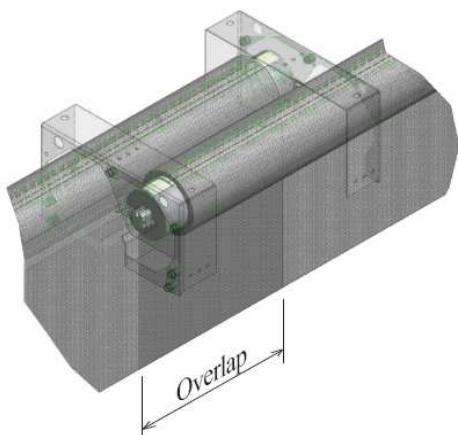

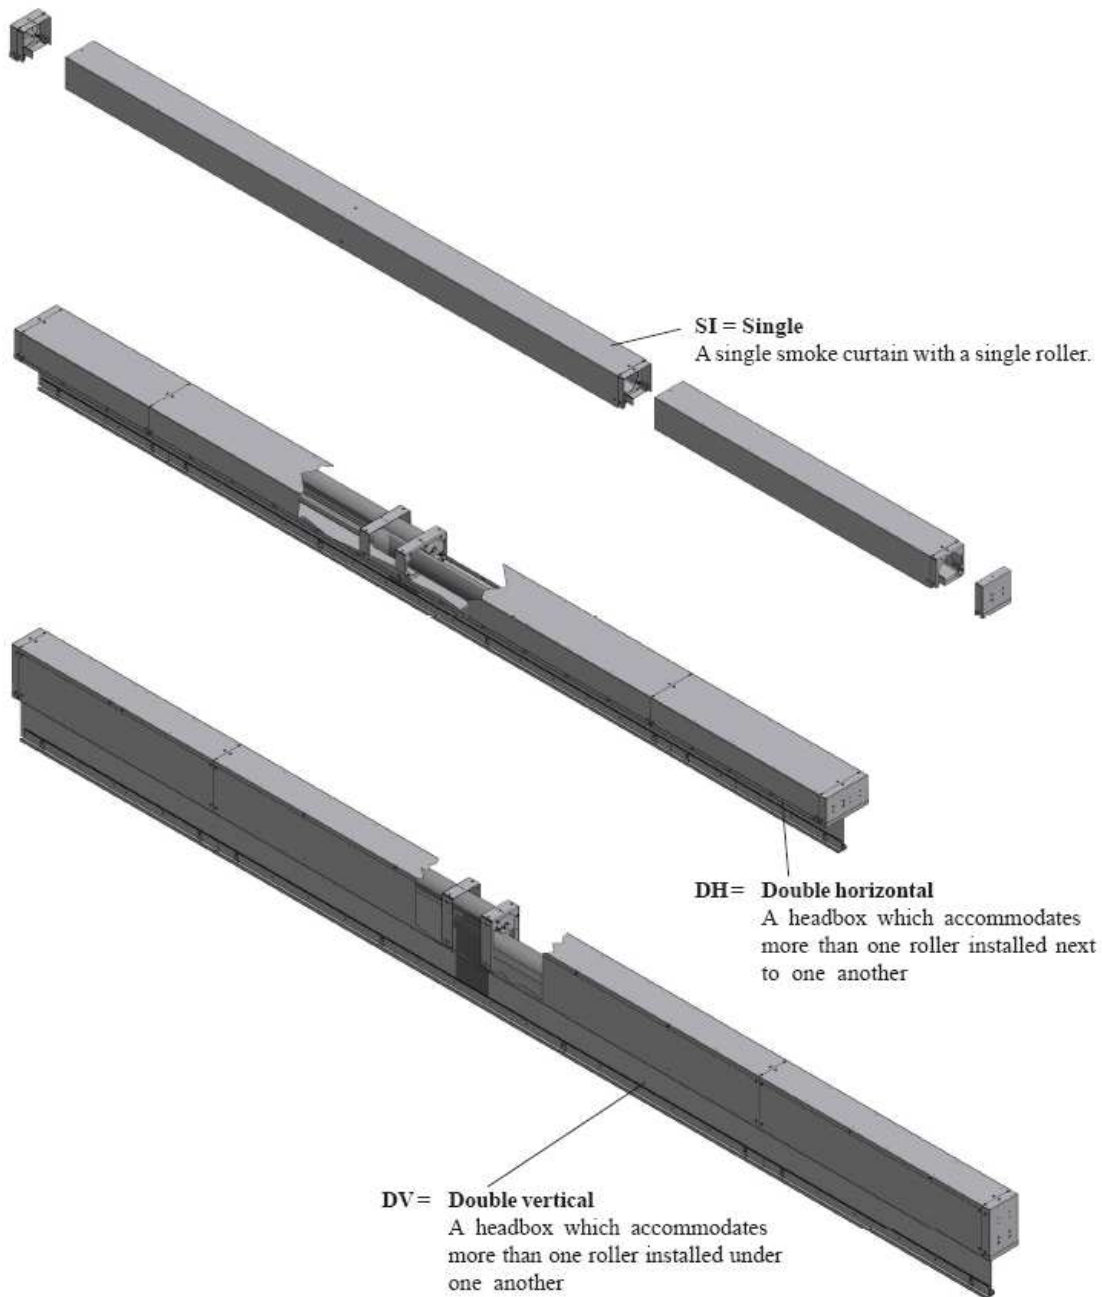

SM5 mobil füstkötény típusai:

„SI”: akkor alkalmazható, amennyiben nincs szükség a füstkötény hossza miatti toldásra

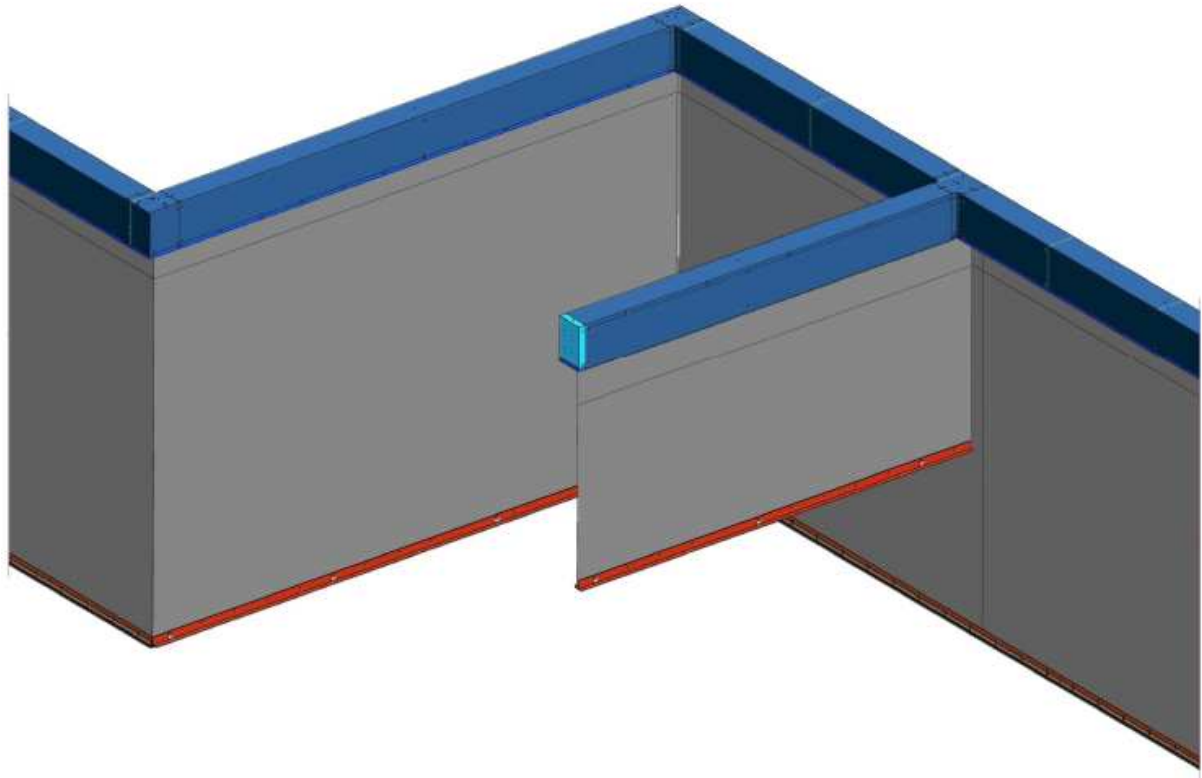

„DH”: akkor alkalmazható, amennyiben a füstkötény hosszúsága miatt toldásra van szükség, ilyenkor a két darab illesztésekor a fedés vízszintesen történik

„DV”: akkor alkalmazható, amennyiben a füstkötény hosszúsága miatt toldásra van szükség, ilyenkor a két darab illesztésekor a fedés függőlegesen történik

Átfedés a füsttömítettség érdekében

Kombinálási lehetőségek:

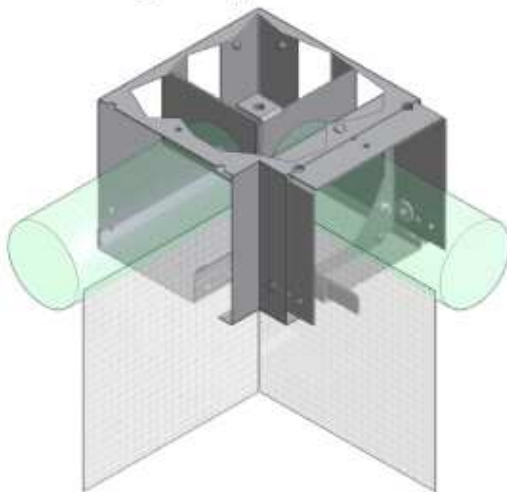

Csatlakozó pontok típusai:

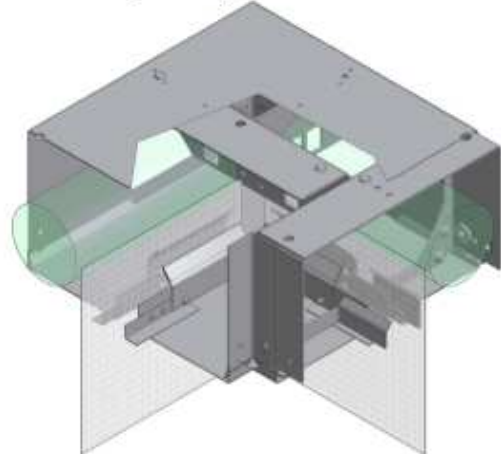

- **Sarok csatlakozás**

The following are the different variations that are available:

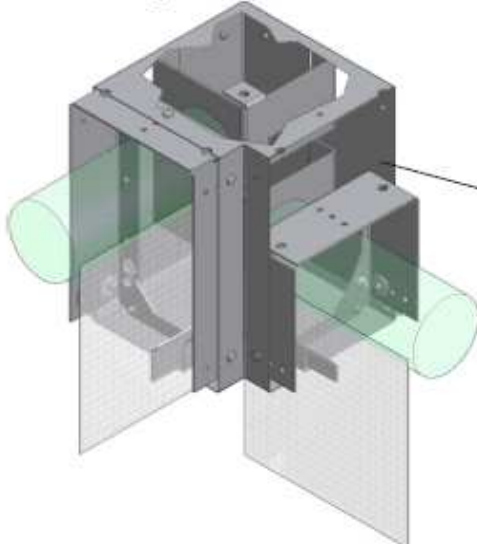

Headbox type: „SI“
Cloth always rolling down on inner side

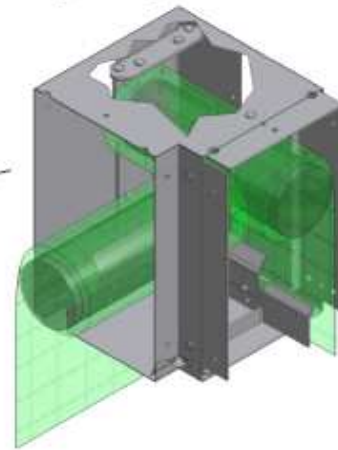

Headbox type: „DH“
Cloth always rolling down in the middle

Headbox type: „DV“
Cloth always rolling down on inner side

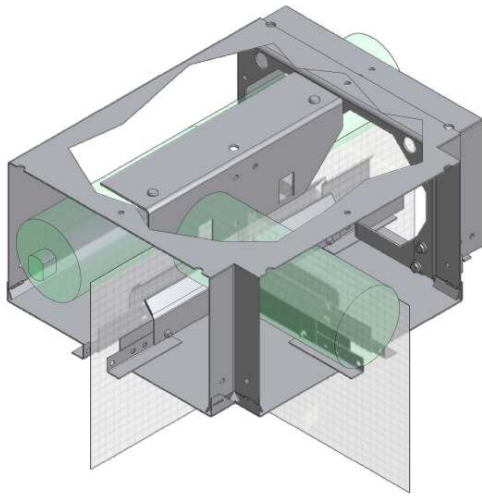

Headbox type: „DV“
Cloth always rolling down on the outside

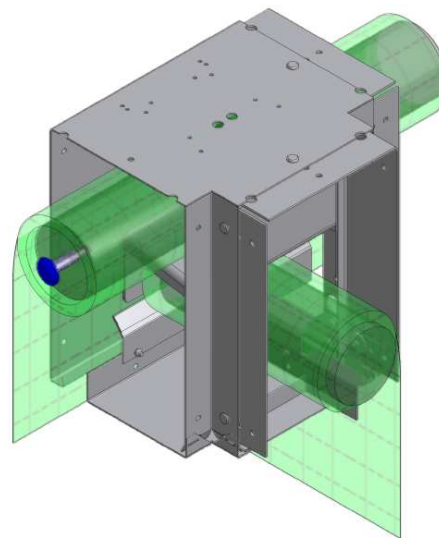

Note:
At the order stage concrete information and drawings are required.

- T csatlakozás

T-Piece T-90 Headbox type: „DH“

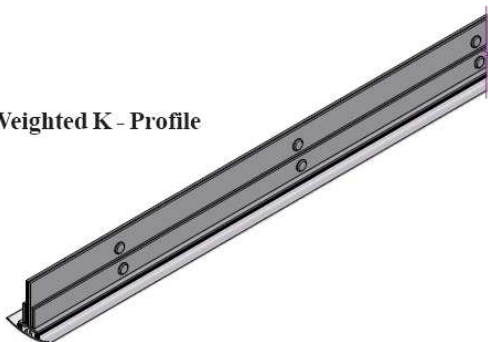

T-Piece T-90 Headbox type: „DV“

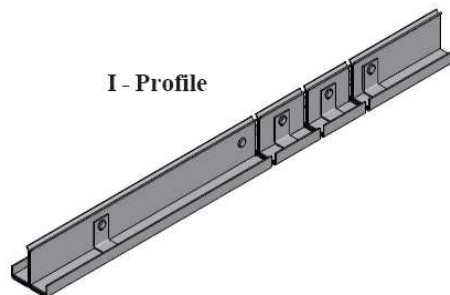

Alsó profiléc típusai:

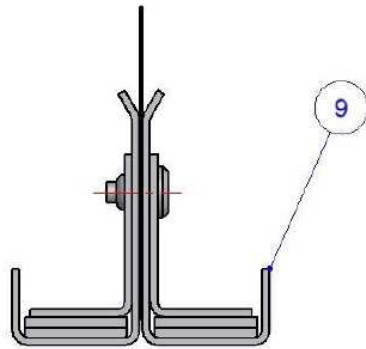

Weighted K - Profile

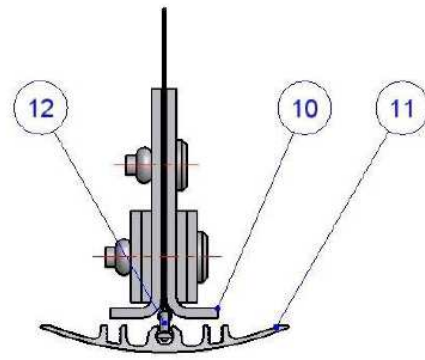

I - Profile

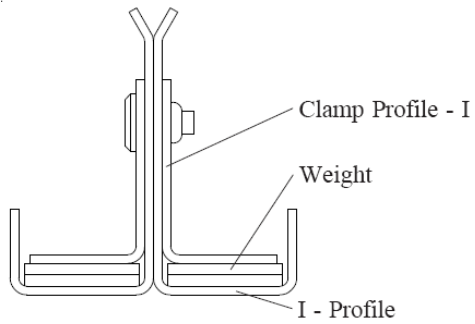

Weight profile "I"

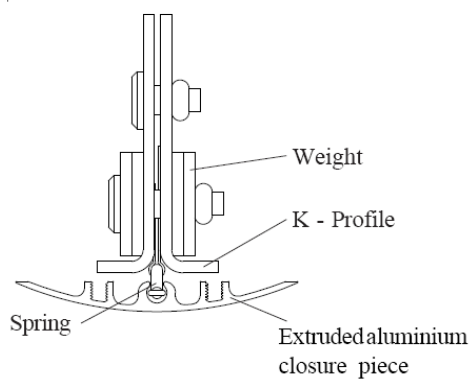

Weight profile "K"

"I" profil - egyszerűbb kivitel, ipari környezetbe

"K" profil - elegáns kivitel, áruházi környezetbe
